

Manifesto for the position of bar steward

Christopher Wood

I will work hard to ensure that the bar remains the centre of college social life. Having witnessed a terrible college bar in my last uni, it is great to see one that is well run and popular. Key to this is:

1. The relaxed student run atmosphere
2. The great selection of drinks
3. Price

As bar steward I will keep and if possible build on these aspects of the bar. I hope to introduce more local ales and ciders that vary over the course of the year and also look into the possibility of a larger selection of wines. Following on from the German beer festival I would like to organise a real ale festival and maybe an informal wine tasting event.
